To Whom It May Concern:

We have dealt with Stephen Tyrrell of TEC Security Services for the past 7 Years the last two been in the above premises.

The services provided by Stephen come highly recommended and his after sales service is second to none. Thanks to the till scan system and surveillance cameras both internally and externally we have tightened our controls on cash and stock.

We also feel secure in the knowledge of false claimants that we have a 24hour CCTV Recording System in operation, which our insurance company take into consideration when calculating our premiums.

If you require any further information or wish to view our system, please do not hesitate to contact me on the above number.

Yours sincerely,
