**TEC
ASSURE**

**This is a complete security
solution for your commercial
property and assets.**

Tailor make your package from these services:

CCTV: Best brands, latest technology, hi-resolution, clear images day and night.

Alarms: Intruder alarms that deter and protect, all monitored by our team.

Access Control: At barriers and all entrance points, ANPR and Biometric options.

Monitoring: Our local monitoring centre 24/7 to protect our clients.

Perimeter Control: Using latest analytic technology to prevent and protect.

Design: A bespoke solution designed for each clients requirements.

Installation: Installed by our expert team to ensure full protection.

Maintenance: Our experienced team will ensure your equipment keeps protecting.

**TEC Assure is brought to you by TEC Security.
